

Children Worldwide Kenya 2018 Report

Starting from northern Kenya we did our Conference in Lodwar in the far north near the Sudanese border. It is a very dry hot and poor region of the country. We were near Lake Turkana. The children ministers were totally blessed and encouraged. We also managed to bless them with a gift of Bibles which is a big motivation for them, as they are very expensive, and few Sunday school leaders have one. Here is a picture of the children ministers in Lodwar.

There was a also great summer conference in Mumias in Western Kenya which the Bible Way church kindly hosted for us. The conference attendant was 100 and the hosting church membership was an amazing team God bless the Bible way church for the amazing work done , we long to be there again.

We spent a lot of time with them at the conference. It went well, though with challenges , one of the challenge being the timing , it was still school days, and most

of the children ministers are teachers or parents who take care of their children after school or during school hours, and were not free to come very much.

However, we do strongly believe that the area and the churches particularly are starting to understand the value of children ministry, particularly in the mind of a few pastors who especially sponsored their childrens ministers to come for the conference.

Also we thank God that this time round, the Kenyan team did a lot of teaching which was really very encouraging. We also thank God for Emmanuel from Nairobi who taught about puppetry, and how to use puppets in the ministry. He went down well, and we are considering having him do more training with us, and also being a member of Children Worldwide

Always after the conference we always think of making a follow up which is subject to the availability of funds and soon the council shall come with dates of follow up.

We would like to say a big thank you for Dave CW UK who came and facilitated and Francis CWK, mercy CWK Godfrey CWK and Michael

CWK for the sacrifice towards the success of this . Also I would like to say a big thank you for Paul Willmott CW UK for designing the poster , and mama Carol for making sure our tea was there each time it was needed thank you very much.

The team members after a cup of tea to review the conference.

Any given week will see one or another of the team off out doing ministry into the surrounding regions of Kenya. For example, a typical post from Michael reads

“On the way to Chwele doing childrens service, adults service preaching, then meeting pastors in this area to share about Children Worldwide Kenya. Value your prayers!

Pray for us and you can support us by visiting to do ministry with us the area you feel called to inspire and encourage and also by funding our local conferences, or our travel to all these places.

We have welcomed two new members to the team, Betty Namwenda from Mumias, and Everlyne Wanyama from Nairtiri, who will start work for CWK in regional centers, to help with the constant travel. Other areas are currently being considered to start a regional center as well.

Our next years conference shall be in Kitale in Western Kenya on 22nd – 24th August at the free Pentecost church , and some key areas that shall be addressed is

- Ministry to teenagers
- Ministry to children with disability
- Ministry to schools
- Organising clubs
- Ministry to children who have gone through abuse
- Knowing children psychology

So if you are able to plan and be us to train in the above areas or any other area you are most welcome to be a blessing to our children and also children ministers .
